## WASHINGTON NOTES.

WASHINGTON, D. C., Aug. 1.

It is the consensus of opinion in the national capital that in the line-up for battle between the two parties, the Democracy has the best of the situation. It is believed here by the leaders of the party who have visited Washington since the convention in St. Louis that the outcome of the convention has practically solidified the Democratic party in this country. It looked for a time in St. Louis that no power on earth could ever bring the two warring factions together. But conciliation and compromise on both sides and the splendid attitude of Mr. Bryan and his leaders have performed a political miracle, and the old Democratic party is once more a solid phalanx and will move in serried ranks on the cohorts of corruption and extravagance in the Republican party. There are divergent opinions here concerning the telegram sent by Judge Parker to the convention, but the majority of Democratic leaders believe that it has had more of a beneficial effect than otherwise. While, of course, Judge Parker did not mean literally that the gold standard was "irrevocably established," yet it practically is so until gold becomes so cheap that men who are now gold men will seek to demonetize it. So long as present conditions obtain the gold standard will remain fixed and nothing can disturb it. When, however, the per capita of real or basic currency becomes less than it is now, there will be more clamor for the double standard and this money question will become once more a paramount issue in our politics. There are some people who criticize Mr. Bryan for his action in criticizing Judge Parker and portions of the platform since the convention adjourned. But the truth of the matter is that Mr. Bryan has done more to help the ticket and hold his forces together for it than any one man in the country. If he had laid down immediately after the convention and accepted fully and entirely everything that was done, hundreds of thousands of his followers in the past two campaigns would have become angered at him, would have declared him insincere and dishonest, and would have bolted the ticket. When he was honest enough, however, to criticize the things in Judge Parker that he did not like and things distasteful to him in the platform, while at the same time he proclaimed that there was enough Democracy in the platform to warrant his entire support, his friends knew him to be honest and agreed that if their old leader could thus support the ticket, they, too, could make the same criticisms and give it their undivided support. The friends of Judge Parker who know him best say that he will appreciate this fact as thoroughly as any man, and that it is his intention and the intention of the leaders to give Mr. Bryan some of the heaviest tasks of the campaign. One of those tasks will be to carry the State of Nebraska, and, if he succeeds in doing this, in which they will render him valuable assistance, he can not only go to the Senate of the United States, but will be one of the biggest men in the Parker administration. It augurs well for our ticket that instead of all the enthusiasm for it being exhausted at the time of its naming, it has grown day by day since the adjournment of the convention. It is progressive in public favor instead of retrogressive. The only possible discord in sight at this time within the Democratic ranks is the fight in New York City between McCarren and Tammany Hall. It is believed, however, that Judge Parker is a good enough politician to send for Mr. Murphy and placate him by giving him all he asks, thus guarantee-

ing the biggest Democratic majority ever cast for any Presidential candidate in Greater New York. With that fight off our hands, it gives us every chance of carrying the State of New York, and with it will go Connecticut, New Jersey and Delaware. The nomination of Davis gives us West Virginia beyond all doubt. The negro question assures us Maryland, and with either Illinois, Wisconsin, or Indiana, we will win the fight. It looks as though Wisconsin were absolutely assured to us on account of the factional fight in that State between the Republicans, and with Tom Taggart, of Indiana, for National Chairman, we are assured of that State.

There are many words of praise here from leaders of the party for Hon. William Randolph Hearst. His action in wiring the convention of his loyalty to the ticket and his congratulations to Judge Parker have caused many men who hitherto were his bitterest enemies, to speak words of praise in his behalf. There is no doubt that his eight great newspapers will do great and effective work in this campaign. The Democratic party needs Mr. Hearst more than he needs it, and he has grown much in political stature by proving that he does not have to be bribed with the nomination in order to remain a Democrat.

CHARLES A. EDWARDS.

## End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes, of DuPont, Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by all druggists. Price 50c. and \$1.00. Trial bottles free.

## Sunday School.

After services on last Sunday afternoon a "Union Sunday School" was organized, with an enrollment of fifty-five, at Daysboro. The following officers were elected: Superintendent, H. H. Swango; Assistant Superintendent, Harry Nickell; Secretary and Treasurer, Maude Taulbee, Assistant, Calloway Sebastian. Every one in that neighborhood are invited to attend and take part in this Sunday School, which will meet on Sunday afternoon at 3 o'clock.

## STATE COLLEGE OF KENTUCKY,

Lexington. - - Kentucky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission, apply to

**Please Consider.**  
I am a candidate for State Senator to represent the 34th District. and submit my claim to the consideration of the Democratic party in mass convention at the respective county seats on Wednesday, November 20th, 1904. Your support is respectfully solicited and will be gratefully appreciated. But

if for any cause you cannot support me personally, you can, as a good Democrat, support my paper, THE HAZEL GREEN HERALD, which for 20 years has been a faithful exponent of Democratic doctrine, and for that little I will be duly thankful. Yours, for Democratic success,  
SPENCER COOPER.

### Humors Come to the Surface

In pimples and other eruptions, but don't run themselves all off that way. They mostly remain in the system—that's bad. Hood's Sarsaparilla removes them, wards off danger makes good health sure. Take it.

### ABOUT PEOPLE YOU KNOW.

[From the Jackson Hustler.]  
J. T. Gayedon, of Hazel Green, was in our city Tuesday on business.

Misses Fannie and Lillie Hurst, of Pear Tree, are attending the Teachers' Institute here this week.

Floyd Day, of Winchester, was in this city on business several days the past week. He was accompanied by his bright and interesting little daughter, Rose Lee.

The contest for the nomination for Circuit Judge in the new district composed of the counties of Knott, Floyd and Magoffin, is assuming warm proportions. The candidates are John M. Baker, Hindman; James Goble, Prestonsburg; D. D. Sublett and present incumbent D. W. Gardner, of Salyersville.

Hardin Hurst, of Wolfe county, and Miss Pearl Abner, of Lee county, were married Wednesday, July 20th, at the residence of the bride's parents, near Fincastle. They were given a reception on Thursday at the home of the groom, in Wolfe county, which was attended by a large number of their friends. The Hustler offers congratulations and well wishes for the happiness of the young people.

The Wolfe County Teachers' Institute was held at Campton last week, closing Friday at noon. It was conducted by Prof. Shipp, Superintendent of the city schools of Winchester. Every district in the county was represented, the whole number of teachers being forty-nine, besides many other visiting teachers. A special feature of the closing exercises was an able address by Capt. Wm. L. Hurst, of that place.

The case against Joe Crawford, etc., charged with burning the residence of B. J. Ewen, was dismissed when called in the Estill Circuit Court, at Irvine, last week, where the case was transferred from this county. Most of the witnesses who attended the trial from this county were very sad over their trip, saying that they had been forced to attend in obedience to a summons, and had lost their time, with several dollars in expenses, expecting to be allowed mileage and one dollar per day, but received nothing.

## The Tammany Tigers On Top.

Judge Congleton on Monday appointed the following gentlemen as trustees of the town of Hazel Green: R. J. McElin, Dr. G. M. Center, Dr. A. C. Nickell, Wm. Clark, and W. W. Quicksall, the term of the old board having expired by reason of no election last fall, as the law requires. This is the first election, as it were, that has been held in August for several years, but Tammany rules, and did this trick without the sound of a hammer.

### Facts About Russia.

Russia embraces one-sixth of the land surface of the world. It is more than 50 times larger than Japan, and has a total area of 8,650,000 square miles. Half of Europe and the whole of Northern Asia are included within its boundaries. It has a greater continuous area than any other nation in the world. The Arctic Ocean lies to its north and the Pacific to its east. On the south lie Manchuria and Korea, over which Russia is now battling with Japan; China, Afghanistan, Persia, Turkey, both in Asia and Europe, and Roumania. On the west Russia adjoins Austria-Hungary, Germany, the Baltic Sea and Sweden.

There are four distinct parts to the Russian Empire which mark its growth and development. These are (1) Russia in Europe, including Poland and the Grand Duchy of Finland; (2) the Caucasus provinces, including Northern Caucasus and Transcaucasia; (3) Siberia, and (4) Russian Central Asia. The extreme southern latitude of the empire is the same as that of Charleston, S. C., and its northernmost parallel passes through the unexplored regions of northern Greenland. European Russia has an area of 2,995,610 square miles, about 13 times greater than that of Japan.

The chief financial institutions of the Russians is the Bank of Russia, which has 113 branches throughout the country. The paper currency of the empire is issued by this bank. Its capital is \$26,000,000, and its total issue of paper in January, 1903, was \$315,000,000 with a guarantee fund of nearly \$500,000,000. The estimated stock of Russian gold for last year was \$746,000,000 (12 times more than that of Japan,) and of silver, \$104,000,000 (three and one-third times more than Japan's). The records of all the various banks show 4,317,342 depositors; \$491,317,622 in deposits, with an average deposit for each inhabitant of \$3.48.

Much of Russia's internal trade is still carried on at great fairs, of which seven are still held annually, at Moscow, Kharkov, Poltava, Yelizavetgrad, Kursk, Irbit and Nishni-Novgorod. The exports and imports from other countries for the whole empire in 1900 amounted to \$727,000,000, or near three times those of Japan. She deals most largely with Germany. Great Britain comes next, then France, Austria-Hungary, Turkey, the United States and China, in the order named. She buys of us 13 times as much as she sells to us.

Russia's "ordinary" revenue for 1900 was \$852,000,000, with an expenditure of \$778,000,000. Her extra or "extraordinary" revenue brought up the total to \$968,000,000, six times that of Japan's, and her "extraordinary" expenditure made the total State expenses \$840,000,000.—Pennsylvania Grit.

Unless he shall have gone ere this paper goes to press, Emmett Campbell, nephew of W. T. Caskey and deputy postmaster, will leave today or tomorrow for the great World's Fair at St. Louis. Mr. Campbell has been closely confined to business for some time past, and feels that he owes himself a little healthful recreation, which he thinks he can obtain at the exposition.

## The Junior Hazel Greens.

The boys of our town, the little fellows, have bought them a new base ball outfit, and are now practicing with a view of challenging the senior team for a game. The following is the line-up: Elwood Daniel, captain and pitcher; Orville Cecil, catcher; Troy Jordan, first base; Tom Pieratt, second base; Charley Wheeler, third base; Jesse Kash, left field; Dave Center, center field; Clyde Davis, short stop; Clay Nickell, right field. These little fellows are very ambitious and quite earnest in their endeavor to excel, and we shall not be surprised to see some of them, at least, become very proficient in the national game.

## Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected.

The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

**Hood's Sarsaparilla**  
which strengthens the whole digestive system

Ben Bigstaff, of Frozen, has been at Swango Retreat this week recuperating and renewing his acquaintance.

Sam Wheeler, candidate for State Senator in this district, accompanied by his brother, George Wheeler, of Caney, was in town on Monday.

William T. Perkins, of Lacy Creek, one of the most prominent farmers in Wolfe county, is dangerously ill of typhoid fever, with but slight hope of his recovery.

John B. Davis, who was here last week renewing the acquaintance of his wife and family, left on Sunday for Martinsburg, where he has a contract in stone work.

George W. Lovelace, of Stillwater Bridge, is dangerously ill, but on Friday his attending physician, Dr. Harvey Stampor, of Campton, expressed the opinion that he was some better.

The Mules will give a barbecue at Goodwin's Chapel, in Morgan county, on Wednesday, the 10th day of August, and members of the order generally are invited to participate.

Judge Swango, of Mt. Sterling; John B. Davis, Judge Wheeler and John Evans, of this place, were at Stillwater Bridge Friday taking depositions in the case of John B. Davis vs. Gee Wheeler, the case involving a piece of land in Hazel Green.

The political situation in Morgan county is very much mixed, there being two tickets, composed of Democrats, seeking the nominations for county offices. Lynn Boyd McClure, candidate for Sheriff, and Bill Phillips, also a candidate for Sheriff, heads the other faction.

Melvin Richardson, formerly of Blackwater, but now a resident of Lexington, was the guest of Jordan Wills Friday night last. He brought his wife and expected to stay a month, but she was dissatisfied and he took her back to Lexington. He will return and spend a month in the mountains.

John B. Davis secured the contract to build the new dormitory, and will begin tearing down the old academy building next Monday. The material of the old building, as far as it can be utilized, will enter into the construction of the new edifice. The contract price is close to \$6,000, but is private. Mr. Davis is now at Sandy Hook, but will return home on Saturday or Sunday next.

Noah Lyons, of Maytown has sold his dwelling house, storeroom, mill building, corn mill, and a half interest in two or three town lots to Dink Murphy, who will open a stock of goods in about a month. Mr. Lyons will remove to Frenchburg, where he has bought a half interest in the store of Judge Taylor.

A telephone message from Lexington on Friday morning last brought the news that Wm. Clark, Sr., who is at Lexington under treatment for his eyes, was quite sick, and asking that his son, William, Jr., come at once. The latter started as soon as he received the message for Helechwah, where he took the train for Lexington.

A very progressive institution with a paid up capital of \$500,000 is the Provident Savings Bank and Trust Company, of Cincinnati, Ohio. They have depositors in almost every State in the Union. People send their money for deposit to them by registered mail or postal money order—the bank assumes the responsibility.

A storm of surprise party came off at the residence of Mr. and Mrs. Breneman, at Harrison Heights, on Friday evening, in honor of their two beautiful daughters, Misses Mary and Corda, who entertained the following company in nice style: Misses Pearl Day, Myrtle Davis, Arta Dye, Mattie Lee Gevedon, Hazel Ringo, Eddie Daniel, and Messrs. Robert Cord, Bro. A. Higgins, Arthur Wheeler, Ernest Carrol and Rush Swango.

### Rev. Jim Tom Pieratt.

Henry Pieratt, who was last week called to Bushton, Ill., to see his father, Rev. Jim Tom Pieratt, returned home Tuesday night. He found his father some better upon his arrival, and together with the attending physician succeeded in persuading him to come home. He and his wife arrived yesterday, via Helechwah, and they are at present the guests of their son, Henry. The old gentleman is in very poor health.

### Operator at Filson Killed by Train.

Willard Wilson, dispatcher and ticket agent for the L. & E. Railroad at Filson, was run over and instantly killed by east-bound train No. 2 Saturday afternoon, July 23d, at 4:30 o'clock. It will probably never be known just how or why the accident occurred.

It had been the rule for No. 2 to side-track at Filson to allow the west-bound passenger train to pass. Saturday the other train had reached the station first and had taken the side-track to allow No. 2 to proceed. Mr. Wilson had just received a message stating that such an order had been issued. When No. 2 whistled, he left the station to deliver orders, attend to the mail and other duties which belonged to his office. Just as train No. 2 was about fifty feet away he stepped out on the main track, and before a brake could be set was killed, his head being severed from his body.

The deceased was 25 years old, was from Lexington and married. He leaves, beside a widow, one small child. He had been in the employ of the L. & E. for years, and was regarded as an unusually good agent.—Jackson Hustler.

### Another Oil Well.

Judge Lusk, the Oregon oil man who has been sojourning among us for some time past, last week found a trace of oil in the well he has been boring on Devil's Creek. The well was put down about 940 feet last spring and then work was suspended. But the parties who are in with Mr. Lusk, three or four Pennsylvanians, sent him word to go ahead at least 50, and maybe 100 feet. In the last attempt he had gone down only about four feet when the perfumes of petroleum permeated the atmosphere so strongly that there can be no doubt of a reasonable producer. This was Friday last, and owing to a death in the family of one of the employees at the well, work was suspended until Monday, when it was resumed. Mr. Lusk has had experience in the oil fields of Pennsylvania, and he feels that he has struck it in this last venture. We hope to note in next week's issue of THE HERALD that within the circumscribed 50 or 100 feet he has found a gusher of 100 barrels per day. The well is four miles west of Campton, and should it prove a producer will widen the Campton field to that extent, and prove an incentive to investors to put down yet other wells in that territory. Now that the pipe line is an assured thing, we hope to see many wells put down, as most any kind of a producer will soon pay for itself by pumping to pipe line and then to market.

Uncle John Rose continues very ill, and is gradually growing weaker. William Perkins, who has typhoid fever, was yesterday evening considered very critically ill, and indications are unfavorable. Troy Pieratt, another typhoid fever patient, was thought Wednesday evening to be some better, but is still quite sick.

Lennie, the nine-year old daughter of John Mayab, who lives on Jeff Rose's farm, on Lacy Creek, died Thursday morning last of typhoid fever, complicated with spinal trouble. The remains, accompanied by the family and several friends, were taken through here the following day and interred on the Valentine Pieratt farm near Maytown.

Robert Day, who has been health-hunting in the West since some time last fall, came home Sunday, not having found what he was seeking in the heaps he had hoped for. He has been in Colorado, New Mexico, Southern California, Arizona, Texas, Missouri, etc. He visited the World's Fair for five days, but found the sight-seeing too fatiguing for his slight strength. He looks about the same as when he left, but his strength is not what it was.

The family of President Roosevelt has other literary talents besides his own. Maude Roosevelt, his cousin, contributes a novelette, called "Social Logic," to the August number of Lippincott's Magazine which substantiates the talent of her race. It is a tale of the somewhat sordid life well-bred women have to lead in New York boarding-houses, but the heroine of Miss Roosevelt's story emerges through many thrilling social adventures to the lot for which Nature planned her—a happy marriage.

## CONSTIPATION

### LEE CITY LOCALS.

Terrell & Graham have purchased the J. M. Rose timber on the Green Briar fork of the railroad.

J. B. Little and A. R. Graham returned from Winchester yesterday. Mr. Little's wife remained there for medical treatment.

E. P. Hobbs, formerly of this place, has let his white tail feathers drag in the sand, and he is about \$3,950 behind with his creditors.

The railroad leading from Jackson to Cannel City has changed hands and is now owned and operated by the O. & K. R. Co. The accommodations are better and the freight rates the same.

Our farmers and merchants have begun to look pleasant once more. They seem to have great encouragement from the green fields of corn and the abundant turnout of small grain in this vicinity.

The price of oak timber has decreased lately on account of the tie and lumber panic. It is believed that the price of staves will continue to advance on account of the scarcity of stave timber.

Some unknown parties broke into Charley Rose's store and stole more than \$100 worth of goods. The presumption is that they would have taken more but they were priced so high the thieves could not handle them.

The funeral services of Cinda, wife of A. R. Graham, and daughter of Alexander and Mary Rose, will be conducted by Revs. Frank Lacy and F. P. Wilson, at the Lee City Cemetery on the second Sunday in September. Preparations are being made to accommodate as many as will attend. Everybody respectfully invited.

A. J. Miller, better known as "Jack" Miller, was buried at the Lee City Cemetery yesterday. His death was caused from a dose of morphine taken with suicidal intent. He was a middle aged man and formerly lived on Lacy Creek. He had family troubles at home lately, and this accounts for his suicide. His wife did not attend the burial. There was a large crowd in attendance, and it was said to be one of the saddest funerals ever witnessed at this place.

### The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c., at all druggists.

### STILLWATER SPARKLES.

Leonard Taylor took dinner at Uncle Jeff Rose's Sunday.

Joe Catron, of Maytown, visited in this section last Sunday.

Marion Gibbs and wife, of Gilmore, were visiting Mrs. Gibbs' mother, Mrs. Elizabeth Tutt, last week.

Silas Rose one day last week lost one of his mules while on the road between here and Torrent. It died almost instantly.

A very large number of Odd Fellows and K. P. brethren paid G. W. Lovelace a visit Sunday, he being a member of both orders. He is receiving the best attention. He is thought to be slowly improving.

Ye Scribe passed by where Tay-Sewell was teaching school on the Spring Branch of Holly last week and was surprised to see so many handsome young ladies in attendance. Taylor seemed in the best of spirits.

PRESTO.

### Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precede suicide, and something has been found that will prevent that condition which makes suicide likely. At the first thought of self-destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by all druggists.

### GOSNEYVILLE GLEANINGS.

John B. Gosney and Lonnie Tutt made a flying trip to Campton on the 30th.

John W. Brown was the guest of his best girl at the parsonage Sunday, the 31st.

Jesse Fuls, of Campton, was out among his many friends of this neighborhood on Saturday and Sunday last.

John B. Gosney on July 23d killed a blowing viper which was 8 feet long and 14 inches in diameter; weight 22 lbs.

Mrs. B. J. Ewen, of Jackson, was the guest of Mrs. G. H. Fuls from the 25th to 28th, where she canned six dozen cans of berries in one day.

S. S. Shackelford, the energetic overseer of the road from the Spradling bridge to Stillwater, warrened in his hands last week and has his road in excellent condition.

John B. Gosney went to West Liberty on Monday on business. As he came back he found C. S. Gosney and Lonnie Tutt lying by the roadside on Caney. They were in a critical condition, having been almost devoured by a vicious wild cat.

New officers for Bethel Sunday School were installed Sunday, the 31st, as follows: Superintendent, J. J. Tutt; Assistant, Mary Byrd; Secretary, G. H. Fuls; Assistant, Luther Brown; Treasurer, Mrs. Polly Byrd. Teachers—W. T. Center, G. H. Fuls, Mary Byrd, Halie Byrd and Ethel Tutt. Librarian, Inez Gosney. There was quite a large crowd present.

TEMPEST.

### Puts an End to it All.

A grievous wail oftentimes comes as a result of unbearable pain from over taxed organs. Dizziness, Backache, Liver Complaint and Constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by all druggists.

The pipe stringers for the Cumberland Pipe Line Co. are now on Laurel, closely followed by the graders, and they in turn are closely followed by the tong-men, of which there are twenty-nine. Behind them come the ditchers, etc., and we are told there are a great many employed. Most any man willing to work can get employment, and the result is that considerable money is being distributed in this territory.

## ONE FULL QUART OF WHISKEY FREE

We know the meaning of words and will do as we say. We claim to be the lowest-priced Whiskey House and the Largest Retail Order Whiskey Concern in the South. All the North Carolina Whiskey we sell is good—there's no bad. People here wouldn't touch it if they knew how—they are too honest! Most whiskey sellers are noted for mixing, blending and watering. We sell more genuine old whiskey and less water than any known competitor. "Casper's 11 Year Old" Whiskey is a Liquid Joy! It's made by honest people in the mountains of North Carolina, in old-style copper stills, just as it was made by our grandfathers. First-rate whiskey is sold at \$5.00 to \$6.00 per gallon, but it's not any better than "Casper's 11 Year Old." It must please or we will buy it back. We have a capital of \$500,000, and the People's National Bank and the Piedmont Savings Bank of this city will tell you our word is good. To introduce this old, honest whiskey, we offer four Full Quarts of "Casper's 11 Year Old"—two sample bottles, one 10 one 18 year old—a cork, a glass and a drinking glass—all for 60c. If 60c is sent we will double the above and put in free one Full Quart Extra. We have some of this whiskey only 7 years old, and will send five per gallon for 40c or will furnish twenty full quart bottles on request of all and give free containers, drinking glasses and sample, making this whiskey cost less than \$3.50 per gallon delivered. We ship in plain boxes with no marks to indicate contents, and freight all Express. Buyers West of Texas, Kansas, Nebraska and Dakota must add 20 cents per quart extra.

10 THE CASPER CO. (INC.) WINSTON-SALEM, N.C.

EDITOR'S NOTE—Before permitting the above whiskey advertisement to appear in our columns, we investigated the firm through their bankers. We cheerfully endorse them, and friends in need of pure whiskey for medicinal use need not hesitate to order sample lot.
